this book is an empirically grounded ready to use curriculum for clinicians teachers and professionals wishing to lead social skills groups for young people with as it provides an introduction to as and issues surrounding social skills including diagnostic and assessment issues the importance of good social skills and treatment approaches

this text introduces readers to the theory and research findings needed to understand how to make groups effective and it helps build the skills required to apply that knowledge in practical situations

this handbook describes in detail different contemporary approaches to group work with children and adolescents further this volume illustrates the application of these models to work with the youth of today whether victims of trauma adolescents struggling with lgbt issues or youth with varying common diagnoses such as autism spectrum disorders

depression and anxiety it offers chapters presenting a variety of clinical approaches written by experts in these approaches from classic play therapy and dialectical behavior therapy to cutting edge attachment based intervention mindfulness and sensorimotor psychotherapy because of its broad scope the book is suitable for a wide audience from students to first time group leaders to seasoned practitioners

first published in 1973 an introduction to group work skill is designed to make the understanding of group work skills accessible to all mothers teachers employers as well as professional social workers the author argues that group work skill is composed of observation interpretation and action

drawing upon critical social theorists like habermas depth psychologists like jung and phenomenologists like hussert denhardts shows how the ethic of organization inhibits the individual s search for meaning and then discusses strategies for enhancing the individual s role he champions independence expressiveness and creativity over discipline regulation and obedience

this lively and engaging text introduces readers to the core interpersonal and organizational skills needed to effectively collaborate on group projects in the classroom and the workplace group projects are critical in preparing students for the realities of today s workplace but many college students despise group work often because they have not been prepared with the necessary skills to effectively collaborate this guide teaches core collaboration skills such as active listening interviewing empathy and conflict resolution it examines the research and theory behind these skills and provides tangible ways to practice these skills both alone and in groups this guide can be used a supplementary text for any courses involving group projects and will also be of interest to professionals in communication business and many other fields

the fourth edition of this highly readable book examines all of the essential skills required to be an effective leader of a variety of groups in a variety of settings it explores the history of group therapy work and the development of groups how they grow how they change and how various groups differ it addresses the specifics of working with children adolescents adults and the elderly and it discusses ten prominent theoretical perspectives from which groups can be approached covering how each theory evolved how it is practiced and the results it most commonly achieves includes coverage of working with gay lesbian bisexual clients in groups and includes expanded coverage of the multicultural aspects of group work and understanding the influence of culture ethnicity religion sexual orientation and other factors on how groups function and what they can accomplish for professionals in the field of group counseling

successful implementation and completion of team activities requires instructors and students alike to confront challenges not present in individual work to maximize learning group projects need a solid lesson plan that helps students understand the benefits of group work develop ground rules and assign responsibilities value everyone s contributions and resolve potential conflicts teacher curriculum designer and teacherpreneur patrice palmer offers thirteen easily implemented robust group work activities formatted to foster the development of life skills designed with secondary and postsecondary students

in mind palmer's workbook takes students through the team building process from getting to know one another to a final evaluation of the group's work and success written in a user friendly format successful group work 13 activities to teach teamwork skills allows teachers to choose activities that best meet their students needs make group work a powerful addition to your teaching repertoire you may be surprised how your students rise to meet a new challenge

in this pathbreaking work the author integrates questions of justice and stability through a model of deliberative democracy in the plural polity deliberative democracy and the plural polity provides a realistic but critical reform agenda that can animate struggles for justice in an enormously diverse world
